

CEO Elevator Pitch Competition Automatic Campus Entry

We are pleased to announce that CEO Chapter Colleges now have an opportunity to secure an automatic entry to the National CEO Elevator Pitch Contest to be held in the Fall 2009 in Chicago.

Over 125 applications were received for the 2008 contest with 60 students selected to compete for the grand prize of \$2500. In recognition of the many Elevator Pitch College contests hosted each year, we would like to support those efforts by guaranteeing a place in the National competition for the winner of the college contest.

Electing to participate in the Automatic Campus Entry does not prevent other students on your campus from applying to participate in the National Competition. As always, all CEO students are eligible to apply. Automatic Campus Entry colleges will also be listed on the CEO Web site.

Only 30 colleges will be provided with the Automatic Campus Entry. 30 students will be selected from the pool of applicants. To qualify as an Automatic Campus Entry to the National CEO Elevator Pitch Competition:

- College contest must take place prior to October 1, 2009
- College must provide travel support to the winning student to the CEO National Conference
- College must have its CEO membership valid and up to date.
- College must register by downloading, completing and submitting the application by **midnight on September 21**
